

Community Health and Health Promotion (COMH)

Module 1: Foundations of Community Health

What is Community Health

Lesson Notes

KMVTECHUG

Version: 2026

Definition

Community health focuses on groups in a shared place: village, parish, campus, or settlement.

Primary Health Care

Essential, accessible care linked to referral. Uganda uses VHTs and HC II to referral hospitals.

Levels of Care

Community, HC II-IV, general and referral hospitals. Match need to level.

Reflect: *Where would you refer a complicated delivery from a village?*

Closing

Next: health versus health care, roles, ethics.
