

First Aid and Basic Emergency Care (FAEC)

Module 1: Foundations of First Aid

What is First Aid

Lesson Notes

KMVTECHUG

Version: 2026

What is First Aid?

First aid is immediate care before professional help. Aims: preserve life, prevent worsening, promote recovery.

Priorities

Your safety comes first. Stay within simple taught actions.

Consent

Ask permission when conscious. Protect dignity. Do not share casualty photos.

Reflect: *When would you call for help instead of acting alone?*

Closing

Next: scene safety and calling for help.
