

First Aid and Basic Emergency Care (FAEC)

Module 4: Injuries

Wounds and Burns

Lesson Notes

KMVTECHUG

Version: 2026

Wounds

Clean water and cover. Refer deep, dirty, bite wounds. Tetanus risk.

Burns

Cool water about 20 minutes. Loose cover. No butter, oil, toothpaste.

Chemical Electrical

Flush chemicals. Power off first for electrical. Seek assessment.

Reflect: Name one harmful burn remedy to avoid.

Closing

Next: fractures, head, spine.
