

Family Medicine and Primary Care (FAMMED)

Module 2: The Consultation

Structure and Listening

Lesson Notes

KMVTECHUG

Version: 2026

Structure

Open, gather information, examine, explain and plan, close with safety netting.

Listening

Open questions first; clarify timeline, severity, impact.

ICE

Ideas, concerns, expectations - address them explicitly.

Reflect: *What happens when you interrupt too early?*

Closing

Next: explaining, safety netting, documentation.
