

# **Family Medicine and Primary Care (FAMMED)**

## **Module 5: Family Community and Context**

### **Family and Social Context**

Lesson Notes

KMVTECHUG

Version: 2026

## Family

Who decides money, transport, and medicine-giving affects outcomes.

## Social Determinants

Poverty, distance, gender, education, housing shape care-seeking.

## Community Oriented

Link clinic patterns to VHTs and local priorities.

**Reflect:** *How does distance change your follow-up plan?*

## Closing

Next: culture, traditional pathways, vulnerable groups.
