

Foundations of Health Professionals Education (FOUNDHP)

Module 1: What is HPE

What is Health Professionals Education

Lesson Notes

KMVTECHUG

Version: 2026

Definition

Theory and practice of teaching and assessing health cadres in classroom, lab, and workplace.

Why Teaching Skill

Clinical expertise is not enough. Poor teaching risks patient safety.

Who Teaches

Faculty, tutors, preceptors, senior clinicians - often with little formal preparation.

Reflect: *Who taught you most on the ward, and how?*

Closing

Next: educator roles, competence, local challenges.
