

Foundations of Health Professionals Education (FOUNDHP)

Module 5: Curriculum and Supervision

Entrustment, Safety and Support

Lesson Notes

KMVTECHUG

Version: 2026

Entrustment

Independence follows demonstrated competence, not only roster gaps.

Patient Safety

Stop unsafe acts; explain student roles; patients first.

Struggling Learners

Identify early, document, remediate, escalate when needed.

Reflect: *How do you decide a learner is ready for less supervision?*

Closing

Module 6: professionalism and improvement.
