

Health Communication and Patient Education (HCPE)

Module 2: Health Literacy

Literacy and Plain Language

Lesson Notes

KMVTECHUG

Version: 2026

Health Literacy

Obtain, understand, use information - often a system issue.

Teach-Back

Patient explains in own words; check the explanation not their intelligence.

Plain Language

Everyday words; preferred language; appropriate materials.

Reflect: Rewrite one jargon phrase you used this week in plain words.

Closing

Next: visuals, numeracy, interpreters.
