

# **Introduction to Epidemiology (INTEPI)**

## **Module 5: Outbreaks and Surveillance**

### **Surveillance and Outbreak Steps**

Lesson Notes

KMVTECHUG

Version: 2026

## Surveillance

Systematic data for action.

## Uganda Systems

IDSR; HMIS/DHIS2; facility quality matters.

## Outbreak Steps

Verify, define, describe, hypothesise, control, communicate, document.

**Reflect:** *What happens if surveillance data are never analysed?*

## Closing

Next: definitions, curves, control.
