

Introduction to Epidemiology (INTEPI)

Module 6: Practice and Application

Local Data, Screening and Prevention

Lesson Notes

KMVTECHUG

Version: 2026

Facility and District

Review trends; act on spikes.

Screening

Sensitivity, specificity, predictive values; need follow-up.

Prevention Levels

Primary, secondary, tertiary; policy uses evidence.

Reflect: Name one indicator you could review monthly at a facility.

Closing

Final: errors, teams, takeaways.
