

Infection Prevention and Control (IPC1)

Module 1: Foundations of IPC

Standard Precautions

Lesson Notes

KMVTECHUG

Version: 2026

Standard Precautions

Apply to all patients always: hand hygiene, PPE, respiratory hygiene, safe injections, clean environment.

Everyone's Role

Clinicians, students, cleaners, laundry, lab staff all contribute.

Limited Resources

Prioritise high-impact safe actions. Escalate stock-outs. Never reuse single-use needles.

Reflect: *What will you do if glove boxes are empty mid-shift?*

Closing

Module 2: hand hygiene.
