

Medical Ethics and Professionalism (MEETH)

Module 1: Foundations

What Ethics Is and Why It Matters

Lesson Notes

KMVTECHUG

Version: 2026

Definition

Systematic reflection on right and wrong in health care.

Everyday Ethics

Consent, queues, confidentiality, language about patients.

Law Codes Ethics

Minimum law, higher codes, ethical reflection when principles conflict.

Reflect: *What everyday ethical choice did you face this week?*

Closing

Next: history, Uganda values, decision steps.
