

Mental Health Interventions at a Workplace (MHWP)

Module 5: Formal Interventions

EAP, Care and Return to Work

Lesson Notes

KMVTECHUG

Version: 2026

EAP

Confidential short-term help; trust and competence; separate from discipline.

Clinical Pathways

Organizations facilitate access; clinicians treat to standards.

Return to Work

Gradual, clear tasks, support, follow-up - not sink-or-swim.

Reflect: *Why does separating EAP from discipline matter?*

Closing

Next: crisis, fitness for duty, evaluation.
