

# Maternal, Newborn and Child Health (MNCH)

## Module 1: Foundations of MNCH

### What is MNCH

Lesson Notes

KMVTECHUG

Version: 2026

## Definition

MNCH covers pregnancy, childbirth, postnatal period, newborns, and children under five.

## Why Uganda

Many deaths are still preventable. Delays in deciding, reaching, and receiving care cost lives.

## Continuum

Link pre-pregnancy, ANC, skilled birth, postnatal, and child health services.

**Reflect:** Which delay is hardest to solve in your community?

## Closing

Next: roles, respectful care, equity.
