

Maternal, Newborn and Child Health (MNCH)

Module 4: Postnatal Care

Feeding and Support

Lesson Notes

KMVTECHUG

Version: 2026

Breastfeeding

Support exclusive breastfeeding per national guidance. Help positioning and attachment.

Family Planning

Discuss healthy timing and spacing; offer methods appropriate after birth.

Mental Health

Support without stigma. Encourage rest and help-seeking.

Reflect: *How would you respond to a mother struggling to latch?*

Closing

Module 5: child health under five.
