

Maternal, Newborn and Child Health (MNCH)

Module 6: Community Linkages and Practice

VHTs and Referral

Lesson Notes

KMVTECHUG

Version: 2026

VHTs

Mobilise for ANC, facility birth, vaccines, postnatal follow-up.

Referral

Clear criteria, communication, stabilisation, transport plans.

Male Engagement

Respectful support for preparedness and care-seeking without coercion.

Reflect: *How can a village improve transport for night-time emergencies?*

Closing

Final: data, quality, takeaways.
