

# **Non-Communicable Diseases in Primary Care (NCDPC)**

## **Module 2: Hypertension and Heart Risk**

### **Hypertension Basics**

Lesson Notes

KMVTECHUG

Version: 2026

## What it is

Sustained high blood pressure, often silent until complications.

## Measurement

Validated device, correct cuff, rest, arm position. Confirm before long-term labels.

## Lifestyle and Medicines

Salt, weight, activity, alcohol, tobacco. Medicines per guidelines within your role.

**Reflect:** *Why confirm BP on more than one occasion?*

## Closing

Next: risk thinking, danger signs, adherence.
