

Non-Communicable Diseases in Primary Care (NCDPC)

Module 6: Systems Screening and Continuity

Teams and Takeaways

Lesson Notes

KMVTECHUG

Version: 2026

Team Roles

Shared tasks across nurses, clinicians, dispensers, educators.

Clinic Education

Local language, few actionable messages, waiting-area talks.

Takeaways

Chronic mindset, screen, lifestyle, medicines in role, self-management, follow-up, refer early.

Reflect: Which system change would help NCD care most in your setting?

Closing

You completed NCDPC.
