

Nutrition for Health Workers (NUTHW)

Module 1: Foundations

Why Nutrition Matters

Lesson Notes

KMVTECHUG

Version: 2026

Why

Growth, immunity, recovery, pregnancy, NCD risk.

Patterns

Foods and dietary patterns over isolated nutrients.

Uganda

Undernutrition, anaemia, rising diet-related NCDs.

Reflect: *What nutrition problem do you see most in your catchment?*

Closing

Next: roles, food security, culture.
