

Nutrition for Health Workers (NUTHW)

Module 2: Nutrients

Macronutrients, Water and Fibre

Lesson Notes

KMVTECHUG

Version: 2026

Carbohydrates

Local staples; portion quality for NCD risk.

Proteins and Fats

Beans, animal foods when available; limit ultra-processed oily snacks.

Water and Fibre

Safe water; vegetables, fruits, legumes.

Reflect: *Name three local protein foods you can recommend.*

Closing

Next: vitamins, minerals, nutrient density.
