

Nutrition for Health Workers (NUTHW)

Module 5: NCDs and Therapeutic Diet

NCDs, Salt and Diabetes

Lesson Notes

KMVTECHUG

Version: 2026

Diet and NCDs

Salt, sugar, unhealthy fats, low veg/fruit.

Hypertension

Reduce added and hidden salt.

Diabetes

Portions, timing, sugary drinks; support medicines.

Reflect: *What local staple portion tip can you teach?*

Closing

Next: obesity, HIV/TB, plate models.
