

Reproductive and Urinary Disorders (REPURO)

Module 3: Male Reproductive Health

Men, Prostate and Scrotal Pain

Lesson Notes

KMVTECHUG

Version: 2026

Access

Men delay care; avoid mockery.

Prostate Symptoms

LUTS in older men; assess retention and infection; specialist pathways when needed.

Scrotal Pain

Sudden severe pain in young males - torsion until proven otherwise; urgent surgery pathway.

Reflect: *What is the danger of delaying acute testicular pain?*

Closing

Next: sexual function, fertility, prevention.
