

Reproductive and Urinary Disorders (REPURO)

Module 4: Female Reproductive Health

Menstrual, Pelvic Pain and Discharge

Lesson Notes

KMVTECHUG

Version: 2026

Menstrual Problems

Heavy, painful, irregular, absent - assess anaemia and red flags.

Pelvic Pain

Acute pain: pregnancy test and emergency pathways. Chronic pain: structured respect.

Discharge

Guideline-based approach without shame.

Reflect: *Why is pregnancy testing critical in acute pelvic pain?*

Closing

Next: contraception, subfertility, menopause.
