

Reproductive and Urinary Disorders (REPURO)

Module 5: STIs and Prevention

Partners, HIV and Prevention

Lesson Notes

KMVTECHUG

Version: 2026

Partners

Voluntary notification coaching; local policy options.

HIV Links

Testing, PrEP where available, safer conception.

Prevention

Condoms, fewer concurrent partners, HPV and hepatitis B vaccines where offered.

Reflect: *How does clinic attitude affect STI control in the community?*

Closing

Module 6: primary care practice.
