

Introduction to Web Development (WEBDEV1)

Module 1: Web Foundations

Front End, Tools and Careers

Lesson Notes

KMVTECHUG

Version: 2026

Front vs back

Browser UI versus server logic and data.

Tools

Editor, browser DevTools, project folder.

Careers

Agencies, NGOs, startups, public digital teams; portfolio proof.

Reflect: *What small site could you build this month?*

Closing

Module 2: HTML.
