

AI Prompting (AIPROMPT)

Module 2: Clear Instructions and Roles

Task Framing and Campus Patterns

Lesson Notes

KMVTECHUG

Version: 2026

Task Framing

Frame the task as a problem with a clear deliverable. Create 5 multiple-choice questions on osmosis for revision is clearer than help me study biology.

Campus Examples

Essay outline for a course unit. Email to a course coordinator requesting a remark. Explanation of a concept in simpler English for a peer study group.

Practice Pattern

Pattern: Role + Task + Audience + Format. Fill those four blanks before you send the prompt.

Reflect: *Apply the four-part pattern to one real assignment this week.*

Closing

Module 3 adds context, few-shot examples, and constraints.
